AUTO DRIVERS TO
BE SUBJECTED TO
QUIZ BY POLICECommissioners Place Author-
ity to Grab Drivers' Licenses
Solely in Hands of Chief of
Police.

Tightening of requirements for
motor car drivers was suggested yester-
day by city commissioners' placing
authority for the issuance of drivers'
licenses solely in the hands of the
chief of police.

The city clerk issued the licenses
heretofore after the chief of police
had approved applications and after
the board of examiners had passed on
applicant's fitness. The board of ex-
aminers, which served without pay,
was abolished.

Under the new order the chief of
police will decide upon applicant's
fitness as drivers. He has the right to
refuse licenses to persons whom he
believes not to be safe drivers. He
has prepared a questionnaire for ap-
plicants that rivals Provost Marshal
General Crowder's in information-
drawing power. The questionnaire
calls for the history of accidents
caused by applicant's negligence and
other information that will disclose
his ability to drive.

WANT PUBLIC OPINION ON
NEW SANITARY REGULATIONS

Public sentiment will guide the
commissioners' action upon ordinances
placing stricter sanitary regulations
upon soda fountains and motion pic-
ture houses. The commissioners read
the ordinances yesterday but post-
poned action, announcing they would
hold hearings of supporters and op-
ponents of the proposed measures be-
fore they disposed of them.

The soda fountain ordinance re-
quires the use of running hot water
for cleaning fountain glasses, dishes
and spoons. It requires the washing
of utensils in clean running hot water
after every using. The penalty for
violation is a fine of not less than \$5
or more than \$50, or a jail sentence of
not less than five days or more than
thirty days.

The motion picture house ordinance
requires the thorough cleaning and
disinfection of motion picture houses
at least once a week under supervision
of the city manager. The penalty for
violation is a fine of not less than
\$5 or more than \$100, or imprisonment
in the city jail for not less than
five days or more than thirty days.

INCREASE IN CITY PAYROLL
WON'T BE MORE THAN \$2,000

The city's payroll under the com-
missioners will not be more than \$2-
000 higher than the former payroll al-
though the city manager's and stenog-
rapher's salaries have been added to
the roll and increases given chiefs of
the police and fire departments. The
former payroll was \$13,200. The pro-
posed new payroll will not be more
than \$15,200.

Holding the increase to \$2,000 will
be accomplished by amalgamation of
offices. City Manager Redington has
not completed his plans for amalga-
mation. He is considering further
changes that may drop the payroll
increase under \$2,000.

The city manager will receive a
salary of \$4,500 for his first year in
office. This was made known yester-
day. His salary after the first year
will be determined by the commis-
sioners' judgment of his success and
of the character of his services.

RAISE IN LIGHT RATE IS
AN OUTRAGE, SAYS RODEY

Amendment of the city's health or-
dinances to permit families to keep
pigs "under proper sanitary regula-
tions" was suggested to the commis-
sioners in a letter from R. C. Ely, food
administrator for New Mexico.

"Many families have sufficient
scraps from their tables and kitchens
to feed pigs," said the letter, "and if
a considerable number of families
would do this it would mean a tremen-
dous increase in the production of
pork and a great saving to the peo-
ple."

City Manager Redington will ask
Mr. Ely how cities that permit the
raising of hogs prevent their becom-
ing a nuisance.

A letter from B. S. Rodey referred
to the Albuquerque Gas & Electric
company's raise in rates as an out-
rage. The company acted entirely
within its franchise in making the
raise as far as the commissioners
could ascertain. The city manager,
however, will make an investigation.

SIMPLIFY PROCEDURE FOR
PASSAGE OF ORDINANCES

Commissioners simplified the pro-
cedure for the passage of ordi-
nances, passing a measure requiring
only one reading before passage. The
councilmanic regulations, under which
they acted heretofore, required three
readings. Two votes are sufficient to
pass an ordinance.

City Manager Redington had pre-
pared an ordinance placing the super-
vision of parks directly under the
commission. The commission, how-
ever, has the power to delegate this
authority to the manager. The park
board, which had charge of parks
previously, resigned.

The city manager announced that
city employees other than those whom
he appointed a week ago would be
continued in office at his discretion.

EXPLAIN DELAY IN TAKING
OVER WATER SUPPLY SYSTEM

The commissioners issued a state-
ment explaining the delay in the city's
taking possession of the water system.
It follows:

"The city has not received a report
from the bond attorneys employed
by the purchaser of the \$400,000
water supply bond issue. Consequent-

WOULD ESTABLISH
TOURISTS' BUREAU
IN ALBUQUERQUERepresentative of 'Ask Mr.
Foster' Company Confers
With Chamber of Commerce
Committee.

"Ask Mr. Foster" is a familiar sign
at prominent business corners in Flori-
da, winter resort cities, in New York,
Washington, Los Angeles, San Fran-
cisco and in Havana and Camaguey,
Cuba. Also the ubiquitous "Mr. Foster,"
who has been doing business in
Florida for more than twenty years, in
New York and Washington cities for
about the same length of time and in
Cuba since the close of the Spanish
war, is opening offices in many of the
principal cities of the country.

"Mr. Foster," who asks to be asked,
is a tourist agency, and H. Harrison
Ham, vice president of the company,
was in Albuquerque yesterday to see
if this city has enough punch in it to
have one of "Mr. Foster's" agencies
established in it. He spoke first at the
Kiwanis club luncheon on the work
of the agency and later appeared be-
fore a committee of the Chamber of
Commerce. These officers, Mr. Ham
explained, serve as information bu-
reaux, curio rooms and are an aid in
directing travelers where to go and
what to see.

Sells Tourists Tickets.
"Mr. Foster" sold more than \$400-
000 worth of tourist tickets last year,
though selling tickets is not one of his
functions. He did it merely as a mat-
ter of accommodation for the travel-
ing public. Of the tickets sold more
than \$50,000 worth were over the
Santa Fe road, to or from the Pacific
coast, therefore practically every one
of those ticket-buyers passed through
Albuquerque.

One of the benefits Albuquerque
would have from an "Ask Mr. Foster"
agency here, would be descriptive lit-
erature of this city in all of "Mr.
Foster's" booklets and advertisements.
Also when people ask where they can
go for climate and scenery, they would
be told of Albuquerque and its vicin-
ity, which Dr. James says, is the
premier tourist attraction on the
American continent if the people here
would only utilize the people, par-
ticularly that at Accona, as they
might.

Want Santa Fe to Co-operate
Mr. Ham said the Foster-Reynolds
company, proprietor of the "Ask Mr.
Foster" Travel Information Bureau,
would expect Albuquerque to provide
quarters for the agent of the com-
pany, should one be located here.

Those present favored the idea, but
it was suggested that Santa Fe be
asked to co-operate in the establish-
ment of an agency.

How convenient it is for tourists to
seek information from the agencies
back of the sign, "Ask Mr. Foster," is
well known to people who have travel-
ed in Florida and Cuba, particularly
in Cuba.

By nothing further has been done in
regard to the taking over by the city
of the property of the Water Supply
company. It is not likely that a re-
port as to the legality or illegality of
the bond issue will be made before
next week.
